Designers and suppliers of kitchens for 35 years

Sydney Kitchens has been designing and supplying "quality kitchens" since 1978.

They say their 35-year history of "stability and growth" is built upon creating an "outstanding experience" from the moment a customer walks into their showroom to the completion of the project.

Sydney Kitchens claim they not only "deliver unmatched customer service, but also in

the high value we place on client relationships".

They say their ability to consistently meet the high expectations of their long-term trade partners as well as homeowners has driven their success.

"The extensive product range and bespoke manufacturing in our local factory provides endless flexibility for our qualified designers to achieve absolute cus-

tomisation.

"Whether you want to keep it simple or include every bell and whistle, we will assist you to achieve your vision.

"Kitchen renovation services include state-of-the-art computer aided design, product selection guidance, delivery services, project management, finance options as well as a seven-year manufacturer's warranty on 'cabinetry'.

"Whether your style is smooth and sleek, classic or coastal, Sydney Kitchens invites home owners to visit their Sydney showroom at 96 Penshurst Street, Willoughby."
